About Company

Asian Packaging Industries.
An iso 9001:2015 company

2002

Asian Packaging, founded by Anil LaxmanBhai Patel, started in 2002. From humble beginnings, the company grew to become a leading corrugated box manufacturer in Vapi. With 5 plants and diverse flute options, they offer a wide range of packaging solutions. Today, Asian Packaging boasts ₹50+ crores in turnover, 10,200 MT annual production, and a skilled workforce

Smart Pack Industries
An iso 9001:2015 company

2007

Four friends founded Smart Pack Industries in 2007, driven by a shared vision for eco-friendly, reusable corrugated boxes. With customer support, they achieved remarkable growth, reaching over ₹10 crores in turnover and converting 200+ tons of material monthly. Today, they're a trusted carton box manufacturer in Vapi, with a skilled team and expanding operations

Asian packaging industries (unit -II)
Narrow flute corrugated boxes
An iso 9001:2015 company

2013
